

### Airfreight Export Services

If time matters there is no alternative to airfreight services.

As IATA agent we deliver your shipments fast, safe and reliable with selected airlines around the world.

- IATA direct traffic
- Door-to-Door services
- Groupage services
- Express shipments
- Charter services
- Dangerous goods shipments
- On Board Courier
- AtI@s customs clearance

### Airfreight Import Services

We process all required import formalities through AtI@s: the system of Federal Custom Administration.

Our service includes obtaining all necessary documents, e.g. import license as well as comprehensive advisory service regarding your import flow.

- Shipment of dutiable goods
- Repair and process shipments
- Customs bond services
- Returns
- Customs bond warehouse services

### Seafreight

Globalization is closely linked to an increase of international trade volumes. This requires a continuous adjustment of your supply chain processes.

INSA air & sea plans your global in- and outbound flows including pre- and on-carriage to and from the sea port.

- Container shipping / FCL and LCL
- General gargo shipping / LCL
- Pre- and on-carriage transport services
- Export and Import services
- Customs Clearance, Insurance services and documentation
- Track & Trace
- Warehousing and Value Added Services

### Courier and Special Transports

Important documents or fixed delivery dates require fast and special processing.

INSA air & sea delivers your documents or your urgent shipments wherever required in Germany or Europe within agreed fixed time slots.

We offer overnight courier services as well as direct transports nationwide and to all neighbouring European countries.

Talk to us!

We offer tailor-made solutions for your individual requirements.
